

# COMPANY PROFILE

# ABOUT US

Matal Developments is a 100% black female owned construction company with an aim of contributing to the emerging property and social housing sector in South Africa. There is an enormous need for quality and sustainable housing in the country in which Matal Developments hopes to serve and contribute to communities. This will be achieved through the eradication and development of superior housing units that can help address the socio economic imbalances faced by the majority of homeless South African citizens.

Matal Developments are specialists in construction, maintenance and project management in the private and public sector. Although newly formed,

Matal Developments holds the required industry expertise, experience and capacity to the successfully complete any development project.

## OUR MISSION

Our mission is to remain focused and committed to building a credible and sustainable construction company by dedicating ourselves to a strong work ethic policy, that includes continuous skills training and ethical exposure of opportunities in the industry.

## OUR VALUES

Matal Developments aims to conduct its business dealings with integrity, ethics and accountability in the constant pursuit to grow as a trusted long term partner in construction services.

Matal Developments work ethic is based on the following values and principles:
